VistaMar Reviews

Good morning, I wanted to write to you to say how much we enjoyed staying in your beautiful home with million dollar views. The property is spectacular, very peaceful and relaxing in every sense of the word. I was very impressed and all by accidental fate that we were lucky enough to be able to have such an experience.

Inge and Dirk are fantastic as property managers and they provided us with exceptional assistance during our stay in your home, they are very lovely people to have met.

Indeed when the opportunity again presents itself or if I know of any special individuals that are coming to stay on Curacao I will without a doubt point them towards you and your beautiful property. Thank you again for everything.

“The best vacation spot ever!”

This house is amazing. The owner is sooooo nice and the caretakers are just as sweet. Our group stayed 12 days and the property was perfect. VistaMar is so beautiful and the sunsets are simply breathtaking. There was always a breeze so you never felt hot or sticky. The temp was just perfect. Each room is different from the next, but all are well appointed and were perfect for our needs. There was enough room to spread out when we needed space from each other and the kitchen was well equipped. Its a bit far from Willemstad, but that is what we wanted...a true get-away. Having a car is a must, but we did cliff jumping as well as beaching and also drove into town a few times. We will return for sure!

Hidden Gem. Forget the city, if you stay here you will NOT be disappointed. From the amazing views, to beautiful new home, to the unbelievable House family to the privacy like no other....VistaMar is FABULOUS!!

We spent a week there for our honeymoon and it could have not been better. My wife and I arrived at 1am local time at the airport and Were promptly meet by Dirk to drive us out to the house since the rental car office was closed. This above and beyond service is what you can expect along with a home more beautiful than the photos you see. Book you me next holiday at VistaMar!! You won't be disappointed.

Perfect Vacation in the Perfect House with the Perfect Hosts. My experience with Curaçao could not have been more perfect due to two important reasons: This house has the perfect location overseeing the Caribbean Sea with amazing sunsets and a wonderful feeling of harmony with nature. Moreover, the updates on the house including the pool area and deck are excellent.

Furthermore the bedrooms are well-appointed and all the appliances in the kitchen are first rate. In fact everything in the house is of top quality. And the Wi-Fi worked very well across the entire house. We came to Curacao to spend 10 days celebrating my birthday with my family and I could not have hoped for a better place to do this. The best area for snorkelling and enjoying the beaches are in close proximity from this location. We entered into the city only to replenish the fridge and do some shopping. We always looked forward to coming back to the house to enjoy the views the sunsets and most importantly the sense of peace.

Thank you for making my birthday an unforgettable event !
